## Architectural Control Committee (ACC) Alteration Application Property Access Permission Form

If the project requires access across any portion of adjacent residential or Association property, or you are placing landscaping on or near the neighboring property line, this form must be signed by the affected party(s) and attached to the alteration application. The owner/applicant agrees to be responsible for any and all damages that may occur to the below properties as a result of the alteration and will bear the associated restoration costs. If the applicant fails to repair damages within fourteen (14) days after completion of the project, the below signer(s) may contract for repair of the damages at the cost of the applicant.
